

## DATA REFLECTION TOOL

Program data is essential for understanding the current state of an educational program, providing valuable insights into its strengths and areas for improvement. This tool is designed to help programs reflect on and review their data, using the structure of EEC's **Program Quality Framework**, to develop a comprehensive view of their program's quality.

### RESPONSIVE & SUPPORTIVE INTERACTIONS

Program Data:

Areas of Strength:

Areas for Improvement:

### CURRICULUM & ASSESSMENT

Program Data:

Areas of Strength:

Areas for Improvement:

### FAMILY & COMMUNITY ENGAGEMENT
